

# THE POWER INDUSTRY KEEPS GENERATING ...

## *By Investing in Safe, Anti-Slip Work Environments*

### **SAFEGUARD Technology Inc.**

protects all areas throughout powerplant operations, providing superior anti-slip safety on steps, ladder rungs, and walkways. Hi-Traction covers prevent costly slips and falls in even the most slippery, wet, and extreme environments.

# SAFEGUARD® Covers Protect Valued Assets – Your Employees!

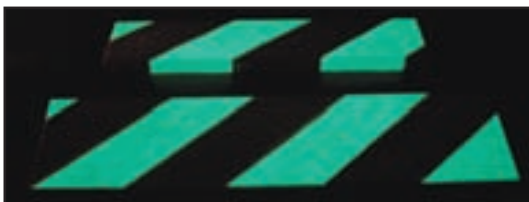

Looking for the best solution to handle hazardous slip, trip and fall areas in power plants? Put SAFEGUARD® Covers to work. They are used worldwide, serving a range of industries with superior traction.

- Made of lightweight and durable pultruded FRP composite fiberglass, galvanized steel or stainless steel, depending on application.
- Prefabricated for fast and easy on-site installation over stairs, walkways, decks, and ladder rungs.
- Colors include safety yellow, gray, black, and others, as well as photoluminescent (glow in the dark). Using contrasting two-tone designs provide additional visual safety.
- Step covers have a vertical lip to cover the leading edge where most slips occur. All covers are available in a range of patented grit surfaces. Most common for the industry is 'industrial grade'.
- An excellent long-term safety investment compared to tapes, paints, coatings, and rubber flooring that peel up.

**Step Covers**

**Photoluminescent options are available in many different configurations**

List of SAFEGUARD® Cover customers in the Power Industry.

- Constellation Energy
- Covanta Energy Corporation, PA
- Dominion Nuclear Millstone Station, CT
- Dominion Energy Kewaunee Power Station, WI
- Duke Energy
- Duquesne Light Company
- Dynegy
- Dynegy Midwest Generation – Havana Power Station
- Entergy Operations Grand Gulf Nuclear Station, LA
- Entergy Operations Grand Gulf Nuclear Station, MS
- Entergy Pilgrim Nuclear Power Station, MA
- First Energy
- JEA
- National Grid, MA
- Pacific Gas & Electric – Diablo Canyon Power Plant
- Palm Beach Resource Recovery
- PPL Montana
- PSE & G (Public Service Electric & Gas)
- Pennsylvania Power & Light Company
- Southern California Edison – SONGS
- Texas Utilities Electric Co. – TU Comanche Peak Nuclear Station
- Troy Energy
