

# SAFE TRANSPORTATION DEPENDS ON... *Safe Entries & Steps To Keep Vehicles Moving!*

**SAFEGUARD Technology Inc.**

presents anti-slip safety covers for ramps, steps, and walkways on buses, railcars, ferries and other transport vehicles. With Hi-Traction grit surfaces ideally suited for slippery, wet, oily and dusty conditions encountered in the daily flow of pedestrian traffic.

# SAFEGUARD® Trans-Traction Safety Covers

## Presenting the latest development from SAFEGUARD Technology

Many passenger transportation accidents occur at the vehicle entry/exit areas where slippery surfaces cause slips and falls.

Specify SAFEGUARD® Covers to enhance vehicle safety, reduce liability exposure, and lower your operating costs.

- SAFEGUARD® Covers are prefabricated for easy retrofitting on existing vehicles, or as a new OEM installation. Complete installation instructions are provided.
- The Covers are permanently affixed over entry areas, steps, wheelchair ramps/lifts, and general walkway areas.
- SAFEGUARD® Trans-Traction Covers are a much better investment, outlasting and outperforming temporary tapes, coatings and rubber flooring which wear down and become slippery. SAFEGUARD® Covers also have excellent chemical, UV and corrosion resistance.

- SAFEGUARD® Covers are renowned for superior traction. Our Covers are available in a range of grit surfaces. They are used worldwide, even in the harshest environments such as offshore oil drilling platforms. They far exceed OSHA and ADA coefficient of friction guidelines.

- Customers can request customized logos and choose from a range of colors, including photoluminescent (glow-in-the-dark), which are available for all SAFEGUARD® Covers.

- Covers are available in Flexible PVC (vinyl), Pultruded FRP composite fiberglass, Stainless Steel, or the patented SAFEGUARD® surface can be applied to customer supplied material.

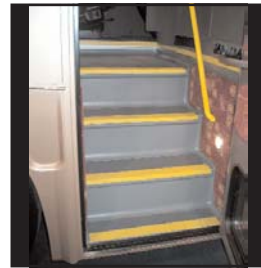

Contact SAFEGUARD Technology for more information and a free sample cover today.

Complementing SAFEGUARD®'s line of standard colors, is this new offering of SGT 2100 Premium Colors. 

## List of SAFEGUARD® Cover customers in the Transportation Industry.

Blue Bird Bus	Neoplan
Boeing	New Flyer
Bombardier	Nova Bus
Braun	NYC Metro North Railroad
Caterpillar	San Antonio VIA
